PERSONALIZED PATHWAY

Personalized pathway is for students who are passionate about a field that does not require a 4-year education, they can take 3 credits that will prepare them for a field to replace the 2 credits of World Language and 2nd credit of Fine Art.

Example 1: A student who wishes to go directly to a 4-year university would need to earn:

- 2.0 credits of World Language
- 1.0 additional credit of Fine Art

Example 2: A student who plans to become a graphic designer, and will attend a 2-year college to start, could take:

- 1.0 credit of Visual Communications
- 1.0 credit of Website Design
- 1.0 credit of Introduction to Marketing

Electives – What is an “Elective”

There is no magic list of electives

An “Elective” is simply classes that you take in addition to the basic requirements.

Your elective choices should prepare you for: “What are you graduating to?”

- Two-year Community Colleges
- Four-year Colleges and Universities
- Career/Technical Trade Schools
- Apprenticeship
- Military
- Employment
- Courses that don’t necessarily apply to any of the above, but look like something you’d like to try (you never know where it might lead!)

If you are planning to apply directly to a four-year university then your electives are going to be:

MINIMUM COLLEGE ADMISSIONS STANDARDS at Washington's Public Four-Year Colleges

REQUIRED CREDITS	
<input type="checkbox"/>	4 credits of English
<input type="checkbox"/>	3 credits of math including Algebra II or Integrated Math III
<input type="checkbox"/>	Senior year quantitative math
<input type="checkbox"/>	3 credits of social science
<input type="checkbox"/>	2 credits of science
<input type="checkbox"/>	2 credits of world languages
<input type="checkbox"/>	1 credit of arts

More: Math, Science and World Languages

Make yourself academically competitive while still maintaining a strong gpa and a healthy balance.

Meeting the minimum entrance requirements does not guarantee admittance.

Some colleges have additional requirements, so visit their websites to see what else they require.

What are you trying to graduate to?

What would your electives be if:

- You want to do something in Construction?
- You want to join the Marines?
- You want to start your own business?
- You want to work at Boeing?
- You want to be a Nursing Assistant?

Thus- anything can be an “Elective”.

- For some of you it may be more sciences and more math classes.
- For others it may be construction, strength training, business classes etc
- It is up to you and your future plans as to what courses you choose to fulfill your elective boxes.

- Lindbergh teachers/counselors are not able to provide support
- If you are not ready for college level classes, you will fall behind in high school requirements as well

ENTER YOUR COURSE SELECTIONS. BE SURE TO CHOOSE 7.50 CREDITS.

SOME CLASSES ARE ONE TRIMESTER, SOME ARE TWO, SOME ARE THREE.

RUNNING START

Running Start is a statewide program that provides an opportunity for juniors and seniors to enroll in courses at our local community colleges as part of their high school coursework.

Students may enroll simultaneously in high school and college classes, or solely in college classes. College tuition for up to 15 credits is paid through Running Start. The maximum credit eligible is based on students combined high school and college enrollment. Students are responsible for transportation, books, supplies and applicable fees.

Lindbergh High School students who participate in Running Start are responsible to keep themselves informed about the LHS school calendar and activities. This information is available at the LHS website.

Seniors must also complete their High School and Beyond Plan here at LHS. This information is also available at the LHS website. The high school is the final authority on high school graduation requirements. It is important to work closely with a high school counselor to ensure that you are meeting all your graduation requirements.

Once you begin your college courses, you will be considered a "regular" college student. You will be in classes with adults of all ages. The faculty expects the same level of classroom participation and quality of work from all students. Students are expected to meet class deadlines, be prepared for class, ask questions, and conduct themselves as responsible adults. If students have difficulty or need additional assistance, it is the students' responsibility to seek out the instructor or contact their college counselors.

Questions:

- Counselors are available every day before school and during lunch. Pop in and see us.
- Your teachers are smart! They can answer almost all registration questions. You see them in class everyday- just ask 😊
- See our Registration Q and A Sheet on the school website.
- Teachers are the experts about the classes offered in their subject area. If you have questions about a specific class or content area, ask your teacher who teaches that subject (ie what Science should I take next year? Ask your science teacher for their opinion).
- All registration materials are posted on our website for your review at any time.
