## Super Important

- One box represents a .50 trimester credit
- In order to earn a High School diploma, you must successfully pass and earn credit for each one of these classes. If it is on this Credit Check form, it is a requirement for your diploma.

If at any time you did not receive credit for a class—grade of **F, IN, W or NC**

Then do NOT mark it off as completed.

If you failed a Core Class (LA, MATH, Social Studies, Science, Health) = you will need to retake it.

If you failed an elective class (Fine Arts, CTE, PE) = you don't need to retake, you can take other elective classes to make up the credit needed for graduation.

# Let's start with LANGUAGE ARTS

**Look for classes with PLA course codes**

**If you earned credit for LA 9A in trimester 1**

✓ Check first box under LA 9 requirement

**If you are currently taking LA 9A in trimester 2**

- Put a T in the first box under LA 9 requirement

**If you are currently taking LA 9B in trimester 3**

- Put a T in the first box under LA 9 requirement

# MATH

A minimum of three years of Math are required for a High School diploma: Algebra, Geometry & a 3<sup>rd</sup> year math of your choice.

If earned credits in IEP Math, then you can use your IEP math classes to meet the Math requirements for graduation.

**Look for classes with PMA course codes**

**If you earned credit for Algebra 1 or Geometry at Nelsen Middle School**

- ✓ Check both boxes in the Algebra and Geometry sections

**If you earned credit for Algebra Fundamental in trimester 1**

- ✓ Check one box in the Electives section

**If you earned credit for Geometry A in trimester 1**

- ✓ Check one box in the Geometry section

**If you earned credit for Algebra 2A or Core Algebra in trimester 1**

- ✓ Check one box in the 3<sup>rd</sup> year math section

**If you currently taking Algebra 1A in trimester 2 and Algebra 1B in trimester 3**

- Put a T in the two boxes in the Algebra section

# SCIENCE

A minimum of three years of science (6 trimesters of classes) are required for a High School diploma.

**Look for classes with PSC course codes**

**If you earned credit for BIOLOGY A in trimester 1**

✓ Check one box in the Science section

**If you are currently taking BIOLOGY A in trimester 2**

▪ Put a T in one box in the Science section

**If you are currently taking BIOLOGY B in trimester 2 or 3**

▪ Put a T in one box in the Science section

# Career and Technical Education

## You need 2 trimesters

**What classes count as a “CTE” Career & Technical Education credit?**

Look on your transcript

– any class marked with a **PVO** code counts as a CTE credit

**If you earned credit for any of these classes in trimester 1**

✓ Check one or both boxes in the CTE section

Once you have both boxes checked, you can put the additional credits in the Electives section

# PE and Health

- **1.50 credits (3 trimester classes) of Physical Education is a graduation requirement.**

**Look for classes with PPE course codes**

**If you earned credit for PE Foundation or any other PE classes in trimester 1**

- ✓ **Check one box in the PE section**

- **Health – a .50 credit of Health is required for graduation.**

Most of you have already completed this in trimester 1

- ✓ **Check the box**

**Hint:** *If you were in a different district in ninth and tenth grade then you may not have taken Health yet. If you can not find Health on your transcript, then you are going to need to take it next year. It is a requirement for a diploma.*

# Fine Arts

## What Counts as a Fine Art?

- Band
- Orchestra
- Choir
- Art
- Ceramics
- Photography
- Visual Communications and Digital Design
- Video Foundations and Production
- Website Design
- Game Design
- Journalism
- Yearbook
- Drama
- Piano

**If you earned credit for any of these classes in trimester 1**

**✓ Check one or more boxes in the Fine Arts section**

*• Website Design, Game Design, Journalism and Yearbook will count as fine arts for meeting your high school diploma however neither class fulfills the fine art requirement for university admissions.*

# What is the PPR?

## PERSONALIZED PATHWAY REQUIREMENT

Personalized pathway is for students who are passionate about a field that does not require a 4-year education, they can take 3 credits that will prepare them for a field to replace the 2 credits of World Language and 2nd credit of Fine Art.

**Example 1:** A student who wishes to go directly to a 4-year university would need to earn:

- 2.0 credits of World Language
- 1.0 additional credit of Fine Art

**FINE ARTS (2 credits, one of which may be PPR)**

☐ ☐ ☐ ☐

**WORLD LANGUAGE or PPR (2 credits)**

☐ ☐ ☐ ☐

**Example 2:** A student who plans to become a graphic designer, and will attend a 2-year college to start, could take:

- 1.0 credit of Visual Communications
- 1.0 credit of Website Design
- 1.0 credit of Introduction to Marketing

# World Language

## Two years of a World Language required for admission to a 4-year university

## For University Admissions:

- ✓ 2 years must be the same language.
- ✓ Competitive universities prefer 3 or more years of the same language.
- ✓ Same language must be taken consecutively, no gap year in between

# World Language Exam

- ✓ If you can speak, read and write another language then you can earn up to 4.0 credits.
- ✓ This exam is offered twice each year, Fall and Spring quarter.
- ✓ Exams are available in over 100 different languages!
- ✓ Credits earned = number of years of world language for university

# Electives – What is an “Elective”

**There is no magic list of electives**

**“Elective” = classes that you take in addition to the core requirements to help you earn total of 26.0 credits for graduation**

Your elective choices should prepare you for: “What are you graduating to?”

- Two-year Community Colleges
- Four-year Colleges and Universities
- Career/Technical Trade Schools
- Apprenticeship
- Military
- Employment
- Courses that don’t necessarily apply to any of the above, but look like something you’d like to try (you never know where it might lead!)

# What are you trying to graduate to?

What would your electives be if:

- You want to do something in Construction?
- You want to join the Marines?
- You want to start your own business?
- You want to work at Boeing?
- You want to be a Nursing Assistant?

Thus- anything can be an “Elective”.

- For some of you it may be more sciences and more math classes.
- For others it may be construction, strength training, business classes etc.
- Your future plan determines what courses you choose to fulfill your elective boxes.

You are done when:

Total Requests/Scheduled = 15

Total Alternates = 6

Total Credits = 7.50

To end simply exit the program
